Rozsa Admin Fundamentals Training - ONLINE
An introduction to the fundamentals of arts administration.

We recognize that there are many paths into arts administration. Some may enter the field as a practicing artist, a volunteer in an arts organization, or as a passionate supporter of the arts. Wherever you are coming from – the RAFT program is for those who have recently started working or volunteering (less than 3 years) in an arts organization and are looking to build their knowledge and skill set in arts administration.

Participants will take part in a fictional case-study story with dialogue, activities, discussions, role-playing, and a small group presentation. Topics covered include organizational structure, board and staff relations, financial statements, strategic planning, and project planning.

LEARNING OUTCOMES

Upon completion participants will be able to:
- Explain the real-life challenges and opportunities of being an arts organization.
- Review a Non-Profit financial statement.
- Evaluate an organization’s mission, vision, and value statements.
- Identify the main components that make up a strategic plan.
- Discuss the importance of doing evaluations.
- Construct a project plan based on answering the questions who, what, where, when, why and how much.

RAFT will be facilitated by Toyin Oladele and Kodie Rollan
